Galileo did not see what he saw.

Galileo saw the Four Sons of Horus without cognition and threatened the universal order of Man with Scientific Reductionism. It was not about man. It was about God and the Five Elements of Creation; water, earth, air, fire, and light. Jupiter, Horus, Jesus, Zeus, Krishna, Hunahpu..... were the names given to the Light of the World. The Light of the World was trinitarian; True Intent is the Father of God. True Cognition is the Son of God. The Spirit of Truth is the creative power of Divine Light.

## AVATAR OF THE EYE OF SILOAM

**Man conjures science and loses reality.**

*Leonardo Da Vinci  
witness the rational and  
the irrational in man.*

**Man begins as Male and Female, rational and emotional.**

*Zeno loses the race with the  
turtle and man loses the race  
with precession.*

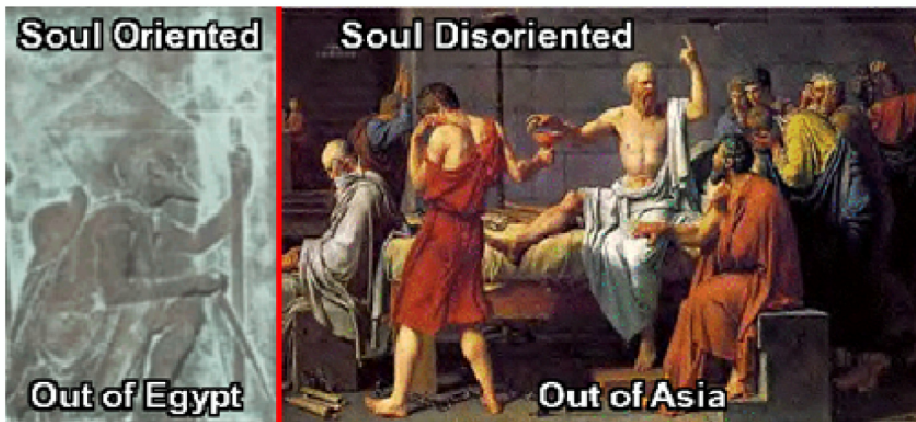

**Man conjures and becomes confused.**

*Self enlightenment drives  
the Chariot of the Gods.*

**Man breaks the ontological barrier and becomes self enlightened.**

*The Greeks stumble in disbelief in the spirits of Men and Gods as Rational Material Science defeats Rational Emotional Man.*

**Man struggles for the definition of soul in the rational light of self identity.**

*Man knows he is losing reality and blames emotion for the loss of reality as Man raises pillars to the knowledge of men and leaves the gameboard of the Stairway to Heaven.*

**Rational Man becomes bound by heroic intent to defeat emotional bondage and leaves the game board of reality.**

*Man seeks ways to save man from the irrational nature of man and deludes himself in the process as the Two Great Ones Battle for the Elysian Fields, the Spoils of Egypt.*

**Paternal salvation denies maternal origins and destiny as woman becomes a Harlot and a Beast of Burden.**

*Man unites to restore the Ladder in the City of God by the union of Greeks under Alexander.*

**Alexander cuts the Gordian Knot as the premier Mother's Son.**

*Western Man sees the Kingdom of God for Man and sets about the riddance of the Aryans.*

**The Cosmic Consciousness is restored at the end of the Age of Aries.**

*As the Hellenistic Renaissance progresses the followers of Perseus are allowed to join the community of Man and they destroy the dream of freedom of man as man becomes the pillar of Rational Judgment, which Alexander had defeated when he cut the Gordian Knot.*

## **The Hellenistic Age struggles to acquire a New Age Identity and the Aryans consume the Maternal Dream.**

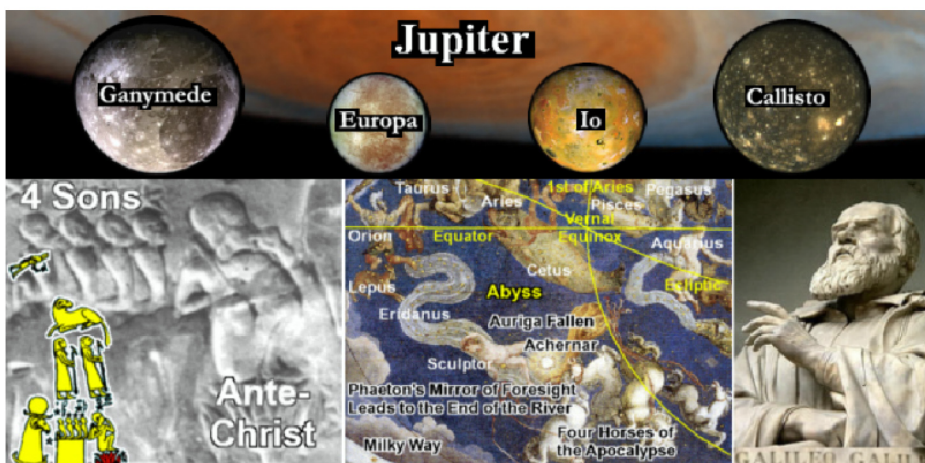

*Under the tyranny of Rome  
the Wisdom of the Ages is  
revealed and the Light of  
the World Returns.*

**The Light of the World returns and restores the Lost Wisdom of the Ages.**

*Laid in a manger  
where feelings come  
first the Truth that is  
the Light of the  
World is put on trial  
and found wanting,  
again, as Man  
cannot distinguish  
Truth from the  
Desires of Men.*

**During the Journey on the Rock of Ages, God comes down from Heaven to raise Man back up to Heaven.**

*Science rises and silences the Spirit of Man as reductionism results in another journey of Phaeton and the Great Men of Science fail to see what had been revealed by the Wisdom of the Ages. With lack of hindsight Galileo, a man named after the galaxy, and all men of scientific reductionism cut the body of Osiris into small pieces and decimated Ancient Truth so that it will never be found again. In this way Science defeats Christ as Seth defeated Osiris, yet Truth will be seen again when the Shemsu Hor return.*

**Man denies the vision of the Ages and Scientific Reductionism fails to see what is in the Eyes of Man.**
